To whom it may concern:

It is a pleasure to write this recommendation for Morgan Pendleton. Morgan and I worked together as teammates, at Wildflower Elementary School for two years. She is an extremely flexible team player and always works hard to enrich and enhance the classroom experiences for all students. Morgan is a great woman and I know she will be an asset to your school. Morgan always goes above and beyond whatever is required of her. She is a hard worker and she strives for excellence with everything she does. She is very educationally driven and has a love for knowledge.

Morgan is a very innovative and creative teacher. She produces a rigorous classroom by refining and updating her teaching strategies and techniques. Her high standards and expectations will prepare her students for the academic challenges ahead. She is a very good hands-on teacher and differentiates instruction to meet the needs of all learners.

Morgan is easy-going and well-liked by her colleagues, students and parents. I have learned a lot from her and consider myself extremely fortunate to have had her as my teammate. Morgan has a gift that she is able to share her knowledge with those around her in a way that everyone is uplifted. I have always known that Morgan is a person with great organization skills. When asked to do a task she keeps up on that responsibility until it is accomplished.

Morgan has always been a person who has attributes such as being trustworthy, honest, and dependable.

I highly recommend Morgan and I know that she will be a valuable team player and a positive asset to any school.
